### Your child's experience in hospital is very important to us

I am writing to ask you to take part in the NSW Patient Survey by telling us about your child's recent admission to [HOSPITAL NAME] during [MONTH]. **Your child's experience in this hospital is important as it helps us to understand the quality of care they received and allows hospitals to see where they need to improve.**

**The survey is easiest to complete online.** Please visit the web address below (or scan the QR code) and log in with the following username and password. It is possible to partially complete the survey online and then return to it later to complete the remainder.

**Web address:** [survey.ipsos.com.au/patientsurvey](http://survey.ipsos.com.au/patientsurvey)

**Username:** [INS\_UNAME]

**Password:** [INS\_PWORD]

If you prefer to complete the attached paper survey, please use the included reply-paid envelope to mail it back to us.

Taking part in the survey is voluntary. You have been randomly selected to participate and there are many safeguards in place to protect your identity. The hospital staff who cared for your child will not know if you have returned a completed survey and will not be able to see your responses to the survey. At no point will we report any information that identifies you or your child as an individual.

The Bureau of Health Information (BHI) runs the survey along with Ipsos Social Research Institute, who is sending you this survey on BHI's behalf. BHI was established by the NSW Government to independently report on the performance of the public health system in NSW, including the healthcare experiences of patients. Results for the NSW Patient Survey are reported in *Healthcare Observer*, found on our website [www.bhi.nsw.gov.au](http://www.bhi.nsw.gov.au)

**If you have any queries regarding the survey, please contact the toll-free Patient Survey Helpline on 1800 220 936** (Monday to Friday, 4pm–8pm).

Thank you for taking part in the survey.

Yours sincerely
